

A conference that got rescheduled three times over
A game of golf that got ruined by the fickle rain
A traffic jam that seemed to take forever
And a phone that never ceased to ring

Alas! This day never seems to end
All I wish for, is to unwind with a friend
To come back home to a place that I call my own
No worries, no hurries, my lazy throne

A place where the wind gently rustles the trees
A place where the flowers get suckled by the bees
A place that is vast, a never-ending bliss

A place where I **come home to happiness.**

A vibrant outdoor social gathering, likely a party or festival, with people drinking beer and eating food. The scene is set outdoors with lush greenery in the background. A woman in a blue patterned shirt is in the foreground, holding a beer. Another person in a plaid shirt is pouring beer into a glass. A third person in a white shirt is holding a plate of food. In the foreground, there is a table with various dishes, including a large purple bowl, a plate of fruit, and several small white bowls. The overall atmosphere is bright and festive.
